

Dean and Division Representatives Export Materials and Forward/Close Case

Dean and Division Representatives will receive an email notification when the annual review case has been assigned to their step.

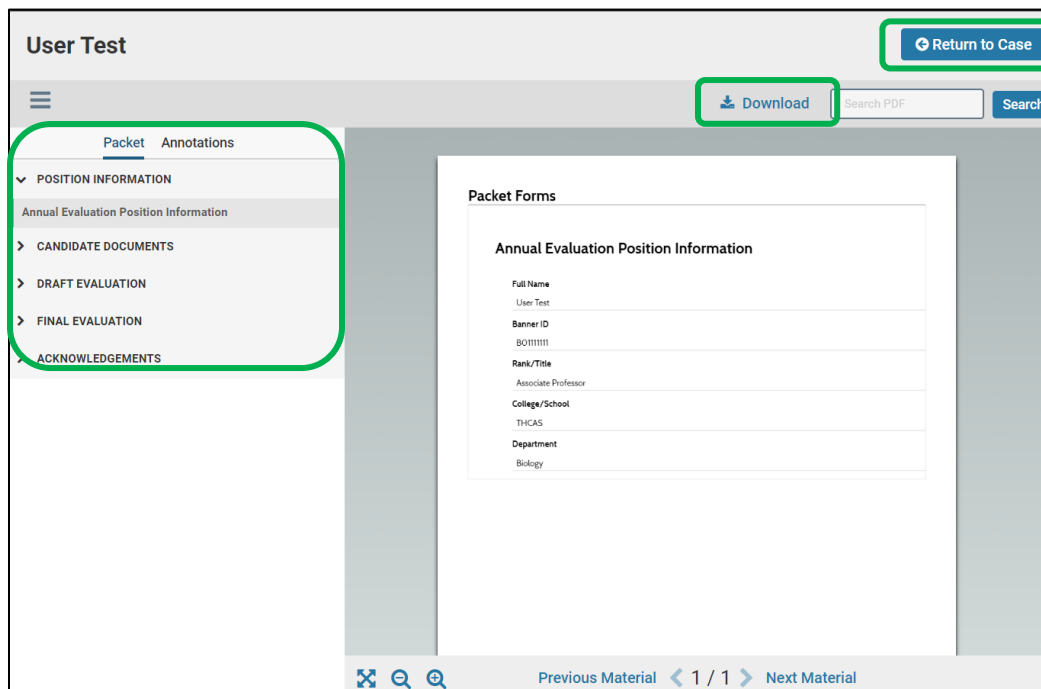

Navigate to the case directly from the email or log in to Faculty 180 directly. Cases assigned to a reviewer will appear on your **Home Screen**.

View a summary of the entire case by clicking on “Read Case.”

Within the “Read Case” window, click “Download” to download individual documents in which you are currently viewing, or the entire packet.

Click “Return to Case” to close this view.

Acknowledge receipt of the documents within the “Case Details” tab. A number will appear next to “Case Details” to communicate how many things required by you.

Note – If a case is routed to you and you do not see a number next to “Case Details” then you do not have editing rights. Only those with the “committee manager” role have the ability to submit documents and forms and move the case forward. At the bottom of the Case Details screen you can also see a list of members and managers.
